85 Marhill Ct.

Westminster, MD 21158

443-974-6838

[www.glisteningwaterpoolservice.com](http://www.glisteningwaterpoolservice.com)

**Welcome to the 2015 pool season!**

**It's time to schedule your pool opening. We encourage you to schedule your opening early, so you can get your preferred date. Keep in mind that it may take up to two weeks for your pool to clear after opening.**

Our opening service consists of:

- Removing the cover
- Folding and placing the cover for storage on your property
- Vacuuming the pool with our pump (using our pump reduces the strain on your filter)
- Testing and balancing the water
- Starting the filter system and making sure it works properly

The standard cost for opening is \$350 plus the cost of chemicals. A prepayment discount of \$25 is available if payment is received and opening is scheduled prior to March 1.

Call us, or fill out and mail this form to the address listed above, to schedule your pool opening.
